

Alameda County Flu Immunization Clinics

These clinics will be distributing Flu Vaccine only

Updated 9/16/2021

Everyone 6 months and older is recommended to receive a yearly flu vaccine.

- If you have health insurance, (such as Medi-Cal, Alameda Alliance, Kaiser, Blue Shield, Blue Cross, United Health Care, etc.), the very best place to go for all vaccinations is your doctor's office, often their offices have same day appointments.
 - For health insurance questions or to select a doctor, call the Family Health Line 888-604-4636, Monday – Friday 8:30am-5pm or visit: http://www.acphd.org/media/106362/resourceguide_pocket_2018.pdf
 - Vaccines are also available at many local and chain pharmacies – call in advance to ensure what you need is in stock and to determine age requirements. These are often covered by most medical insurances.
- The below options are available for the following Alameda County residents:
- Low Income Children (birth to 18 years old) who:**
- Are uninsured or their insurance does not cover immunizations
 - Are American Indian/Alaskan native
 - Are eligible for or enrolled in CHDP/Medi-Cal
- Low Income Adults (19 years and older) who:**
- Are uninsured or their insurance does not cover immunizations
- Please direct any questions about this list to 510-267-3230**

Please call individual clinics in advance to check availability.

Always bring your immunization record.

***Populations served – depending on age and pregnancy status, different people require different flu vaccine types. Some clinics have vaccines for some populations and not others.**
