

Alameda County Immunization Clinics

Includes Vaccinations for Children and Adults, Tuberculosis Skin Tests, Seasonal Influenza, and More

For other Immunization Services: Travel Shots go to page 9

Updated 1/4/2021

- If you have health insurance, (such as Medi-Cal, Alameda Alliance, Kaiser, Blue Shield, Blue Cross, United Health Care, etc.), the very best place to go for all vaccinations is your doctor's office, often their offices have same day appointments.
- For health insurance questions or to select a doctor, call the Family Health Line 888-604-4636, Monday – Friday 8:30am-5pm or visit: http://www.acphd.org/media/106362/resourceguide_pocket_2018.pdf
- Vaccines are also available at many local and chain pharmacies – call in advance to ensure what you need is in stock and to determine age requirements. These are often covered by most medical insurances.

The below options are available for the following Alameda County residents:

Low Income Children (birth to 18 years old) who:

- Are uninsured or their insurance does not cover immunizations
- Are American Indian/Alaskan native
- Are eligible for or enrolled in CHDP/Medi-Cal

Low Income Adults (19 years and older) who:

- Are uninsured or their insurance does not cover immunizations

Please direct any questions about this list to 510-267-3230

Due to COVID-19 guidelines & orders for individuals to shelter at their place of residence, please call individual clinics in advance to check availability.

Always bring your immunization record

Travel Vaccinations

Vaccination recommendations for travel vary depending on your particular medical history and to where you are traveling. A medical professional trained specifically in travel vaccinations can tell you what is needed for your particular case. For this reason, it is important to visit a clinic that specifically focuses on travel vaccinations.

For information about what vaccines *may* be recommended, visit <http://wwwnc.cdc.gov/travel/destinations/list/>

<p>Many vaccinations recommended for international travel may not be available at your doctor's office, or the immunization clinics listed above.</p> <p>For Kaiser members, Kaiser does have a travel vaccination clinic.</p> <p>For affiliates of UC Berkeley, contact the International Travel Clinic at (510) 643-7177.</p> <p>Travel vaccines are also available at the following sites:</p>	<p>Adult Immunization and Travel Clinic 101 Grove St., Room 102 San Francisco</p>	<p>(415) 554-2625 www.sfcdep.org/aic.html</p>

Yellow Fever Vaccine Shortage: Because of a total depletion of VF-Vax, the manufacturer (Sanofi Pasteur) has worked with CDC and the US FDA to make an alternative yellow fever vaccine, Stamaril, available at select locations until YF-Vax supply returns. For more information on where you can find clinics with remaining yellow fever vaccine doses and locations that can administer it, please visit the [yellow fever vaccination clinic search page](#).
