Older Adults, Healthy Results is a home visiting nurse case management program for clients with medical care coordination needs complicated by psychosocial challenges.

To be eligible for Older Adults, Healthy Results PHN case management services, a client **MUST**:

- Be at least 60 years old
- Be Medi-cal eligible
- Have at least one functional impairment
- Have 2+ chronic health conditions
- Agree to referral and comprehensive assessment

Patients who would most benefit from Older Adults, Healthy Results PHN case management are:

- MEDICALLY COMPLEX**
Have at least two poorly managed medical conditions complicated by complex psychosocial challenges and at risk for avoidable healthcare utilization.
- NEED EARLY INTERVENTION**
 - At risk for negative health consequences but not yet at the end stage of disease
 - New onset of chronic condition
- BE OPEN TO LONG TERM SERVICES (up to 6 months or longer)**

If you identify a client who you think might be eligible and benefit from working closely with a public health nurse, please complete and fax [our referral form](#) with all relevant medical records to 510-273-3700.
