

Personal Emergency Preparedness Training for Staff & Volunteers

Free!

Who Serve:

- ❖ *Seniors & Frail Seniors*
- ❖ *Persons with Disabilities*
- ❖ *Homebound/Nonambulatory Individuals*

Prepare yourself so you can assist the most vulnerable individuals in our community during an emergency event!

This Personal Emergency Preparedness Training is for staff and volunteers to be aware of their internal and external work environments - specifically their designated useful office space. Each participant will be asked to evaluate their work space for potential hazards. Also covered are “what if” scenarios such as fire, earthquake and medical emergencies. The training will include the importance of having a personal preparedness plan for home and to have supplies at home in case of a major community disaster.
